SO WHAT'S THE PLAN?

Our Government doesn't give a f* about its responsibilities.** The country is in ruins. You know it, I know, they know it. That means it's up to us to come together and be the change we need.

We need bold, un-ignorable action that confronts the fossil fuel elites. We refuse to comply with a system which is killing millions around the world, and that's why we have declared airports a site of nonviolent civil resistance.

We can't do this alone, we have a plan for this Summer, are you willing help make this happen?

TRUTH
Oil is being used to... We need to face up to the scale of the crisis that we are facing. Everything we know and love is threatened by the breakdown of our climate. Our economy, our homes, our way of life. You, the scientists, press, politicians, educators... everyone needs to face up to the reality of what is being done to us.
